It will be a condition of any assignment under this Option Agreement that such purchaser or assignee shall agree in writing to be bound by the terms of this Option Agreement, to perform all the obligations of the selling party to be performed under this Option Agreement, and to subject any further sale, transfer or other disposition of such interest in the Property and this Option Agreement or any portion thereof to the restrictions contained in this Section 13.1.

the period of time during which the Force Majeure remains in effect, provided that CLM shall make such cash payments in lieu of work as may be required to maintain the Property in good standing pending termination of the Force Majeure;

- (b) CLM gives thirty (30) days' notice of termination to Romios which it shall be at liberty to do at any time, save and except that if CLM has delivered a Program and Funding Confirmation, it shall complete the Expenditures and Work Program set out in the applicable Program and Funding Confirmation prior to terminating the Option; ;
- (c) CLM fails to deliver a Program and Funding Confirmation within the time provided for in Section 3.2; or

17. DEFAULT

- 17.1 Notwithstanding anything in this Option Agreement to the contrary if any party (a "**Defaulting Party**") is in default of any requirement herein set forth, save and except for the requirement to deliver a Program and Funding Confirmation, the party affected by such default shall give written notice to the Defaulting Party specifying the default and the Defaulting Party shall not lose any rights under this Option Agreement, unless thirty (30) days after the giving of notice of default by the affected party, the Defaulting Party has failed to take reasonable steps to cure the default by the appropriate performance, and if the Defaulting Party fails within such period to take reasonable steps to cure any such default, the affected party shall be entitled to seek any remedy it may have on account of such default including, without limiting, termination of this Option Agreement.

18. TECHNICAL DATA

20. OPTION ONLY

This is an option only and nothing herein contained shall be construed as obligating CLM to do any acts or make any payments hereunder, save and except the delivery of a Program and Funding Confirmation, and any act or acts or payment or payments as shall be made hereunder shall not be construed as obligating CLM to do any further act or make any further payment or payments.

21. RIGHT TO PARTICIPATE IN FUTURE FINANCINGS AND RIGHT TO APPOINT A DIRECTOR

- 21.1 CLM will make best efforts to include Romios in all future financings at a level that will enable Romios to maintain its then pro rata holdings in CLM.
- 21.2 Romios shall have the right to appoint one member acceptable to CLM, acting reasonably, to the CLM Board of Directors so long as this Option Agreement is in effect and after, for so long as Romios holds more than 10% of the outstanding shares of CLM.

22. SUPERSEDES PREVIOUS AGREEMENTS

This Option Agreement supersedes and replaces all previous oral or written agreements, memoranda, correspondence or other communications between the parties hereto relating to the Property including the Letter Agreement.

23. ARBITRATION

- 23.1 Dispute Resolution

Except in respect of any breach of Section 3.2 of this Option Agreement, any dispute, whether based on contract, tort, statute, or otherwise in law or equity arising out of or relating to this Option Agreement or the relationship which results from this Option Agreement, the interpretation, breach, termination or validity of this Option Agreement, the events leading up to the formation of this Option Agreement, and any issue related to the creation of this Option Agreement or its scope, including the scope and validity of this Section 23 (collectively a “**Dispute**”) shall be resolved as follows:

- (a) The parties shall endeavour for a period of two weeks to resolve the Dispute by negotiation. This period may be extended by mutual agreement of the parties.
- (b) If the Dispute is not settled by negotiation, the Dispute shall be submitted to binding arbitration in accordance with the Arbitration Act (British Columbia), as amended (the “**Arbitration Act**”), as modified and supplemented by the provisions of this Section 23.

23.2 Initiation of Arbitration Proceedings

- (a) If any party to this Option Agreement wishes to have a Dispute arbitrated in accordance with the provisions of this Option Agreement, it shall give notice to the other party hereto specifying particulars of the Dispute and proposing the name of the person it wishes to be the single arbitrator. Within ten (10) days after receipt of such notice, the other party to this Option Agreement shall give notice to the first party advising whether such party accepts the arbitrator proposed by the first party. If such notice is not given within such ten (10) day period, the other party shall be deemed to have accepted the arbitrator proposed by the first party. If the parties do not agree upon a single arbitrator within such ten (10) day period, such arbitrator shall be chosen in accordance with the Arbitration Act.
- (b) The individual selected as the arbitrator (the “**Arbitrator**”) shall be qualified by education and experience to decide the Dispute. The Arbitrator shall be at arm’s length from all parties and shall not be a member of the audit or legal firm or firms who advise any of the parties, nor shall the arbitrator be a person who is otherwise regularly retained by any of the parties.

23.3 Submission of Written Statements

- (a) Within twenty (20) days of the appointment of the Arbitrator, the party initiating the arbitration (the “**Claimant**”) shall send the other party (the “**Respondent**”) a statement of claim setting out in sufficient detail the facts and any contentions of law on which it relies, and the relief that it claims.
- (b) Within fifteen (15) days of the receipt of the statement of claim, the Respondent shall send the Claimant a statement of defence stating in sufficient detail which of the facts and contentions of law in the statement of claim it admits or denies, on what grounds, and on what other facts and contentions of law it relies.
- (c) Within ten (10) days of receipt of the statements of defence, the Claimant may send the Respondent a statement of reply.
- (d) All statements of claim, defence and reply shall be accompanied by copies (or, if they are especially voluminous, lists) of all essential documents on which the party concerned relies and which have not previously been submitted by any party, and (where practicable) by any relevant samples.

- (e) After submission of all the statements, the Arbitrator will give directions for the further conduct of the arbitration consistent with the provisions of this Option Agreement and the Arbitration Act.

23.4 Meetings and Hearings

- (a) The arbitration shall take place in the City of Vancouver, British Columbia, or in such other place as the parties shall agree upon in writing. The arbitration shall be conducted in English unless otherwise agreed by such parties and the Arbitrator. Subject to any adjournments which the Arbitrator allows, the final hearing will be continued on successive Business Days until it is concluded.
- (b) All meetings and hearings will be in private unless the parties otherwise agree.
- (c) Any party may be represented at any meetings or hearings by legal counsel.
- (d) Each party may examine, cross examine and re-examine all witnesses at the arbitration.

23.5 The Decision

- (a) The Arbitrator will make a decision in writing and, unless the parties otherwise agree, will set out reasons for the decision in the decision.
- (b) The Arbitrator will send the decision to the parties as soon as practicable after the conclusion of the final hearing, but in any event no later than thirty (30) days thereafter, unless that time period is extended for a fixed period by the Arbitrator on written notice to each party because of illness or other cause beyond the Arbitrator's control.
- (c) The decision shall award to the prevailing party its costs and lawyer's fees on a solicitor/client basis, unless the Arbitrator determines that each party should bear its own costs and share the common costs of arbitration.
- (d) The Arbitrator's decision shall be final and binding on the parties and shall not be subject to any appeal or review procedure provided that the Arbitrator has followed the provisions of this Section 23 in good faith. In the event any of the parties initiates any court proceeding in respect of the decision of the Arbitrator or the Dispute arbitrated, such party, if unsuccessful in the court proceeding, shall pay the other party's costs on a solicitor/client basis and all reasonable expenses incurred by such other party and related to such court proceeding.

23.6 Jurisdiction and Powers of the Arbitrator

By submitting to arbitration under these rules, the parties shall be taken to have conferred on the Arbitrator the following jurisdiction and powers, to be exercised at the Arbitrator's discretion subject only to the provisions of this Section 23 and the Arbitration Act with

the object of ensuring the just, expeditious, economical and final determination of the Dispute.

Without limiting the jurisdiction of the Arbitrator at law or in equity, the parties agree that the Arbitrator shall have jurisdiction to:

- (i) determine any question of law arising in the arbitration;
- (ii) determine any question as to the Arbitrator's jurisdiction;
- (iii) determine any question of good faith, dishonesty or fraud arising in the dispute;
- (iv) order any party to furnish further details of that party's case, in fact or in law;
- (v) proceed in the arbitration notwithstanding the failure or refusal of any party to comply with this Section 23 or with the Arbitrator's orders or directions, or to attend any meeting or hearing, but only after giving that party written notice that the Arbitrator intends to do so;
- (vi) receive and take into account such written or oral evidence tendered by the parties as the Arbitrator determines is relevant, whether or not strictly admissible in law;
- (vii) make one or more interim awards;
- (viii) hold meetings and hearings, and make a decision (including a final decision) in Vancouver, British Columbia or elsewhere with the concurrence of the parties thereto;
- (ix) order the parties to produce to the Arbitrator, and to each other for inspection, and to supply copies of, any documents or other evidence or classes of documents in their possession or power which the Arbitrator determines to be relevant; and
- (x) make interim orders to secure all or part of any amount in dispute in the arbitration.

23.7 Effect of Arbitration Ruling

Any judgment upon the award rendered by the Arbitrator shall be final and binding on the parties and may be entered by any court having jurisdiction thereof.

- 24.7 This Option Agreement may be executed in counterpart and delivered by facsimile or other means of electronic reproduction, and each copy so executed and delivered shall be deemed to be an original, and all such counterparts together shall constitute one and the same instrument.
- 24.8 The parties confirm that they were provided an opportunity to obtain independent legal advice before executing this Option Agreement.

- (v) words importing the singular number only shall include the plural and vice versa and words importing the masculine gender shall include the feminine and neuter genders and vice versa;

- (vii) the words “include”, “includes” and “including” mean “include”, “includes” or “including”, in each case, “without limitation”;
 - (viii) reference to any agreement or other instrument in writing means such agreement or other instrument in writing as amended, modified, replaced or supplemented from time to time;
 - (ix) unless otherwise indicated, time periods within which a payment is to be made or any other action is to be taken hereunder shall be calculated excluding the day on which the period commences and including the day on which the period ends; and

2. Grant, Calculation and Payment of Royalty

- (a) The Payor hereby grants and agrees to pay to the Royalty Holder a royalty in respect of each applicable calendar quarter equal to the Relevant Percentage multiplied by the Net Smelter Returns for such calendar quarter.
- (b) For certainty, the Royalty shall be calculated and payable by the Payor on all quantities of Product produced from the Property where the Payor receives any proceeds or is credited with any proceeds or metals by any mill, smelter, refiner or by any other purchaser, including the Royalty Holder.
- (c) The obligation to pay the Royalty shall accrue once the Payor has received actual payment or credit for the sale or other disposition of Product. The amount of the Royalty payment due to the Royalty Holder in respect of any calendar quarter shall be paid to the Royalty Holder on the Payment Date by the delivery to the Royalty Holder of a certified cheque, bank draft or wire transfer (as directed by the Royalty Holder in writing in its sole and absolute discretion, subject to applicable Legal Requirements) in the amount owed. Subject to applicable Legal Requirements, all Royalty payments hereunder shall be made in Canadian dollars and shall be made net of all amounts of taxes (if any) which the Payor is required to withhold and remit under Legal Requirements to any relevant Governmental Authorities.
- (d) At the time each Royalty payment is made, the Payor shall deliver to the Royalty Holder a statement setting forth (i) the quantities and grades of Product produced and sold or deemed sold by or credited to the account of the Payor in the applicable calendar quarter, (ii) the Gross Revenues for Product on which the Royalty is calculated in the applicable calendar quarter, (iii) the applicable Allowable Deductions, and (iv) such other pertinent information in sufficient detail to explain the calculation of the Royalty Payment.
- (e) All tailings, residues, waste rock, spoiled leach materials, and other materials (collectively, “**Materials**”) resulting from the Payor’s operations and activities on the Property shall be the sole property of the Payor, but shall remain subject to the Royalty should the same be processed or reprocessed, as the case may be, in the future and result in the production of Products. Notwithstanding the foregoing, the Payor shall have the right to dispose of Materials from the Property on or off of the Property and to commingle the same with materials from other properties. If Materials are processed or reprocessed, as the case may be, the Royalty payable thereon shall be determined on a pro rata basis as determined by using the best mine processing and technical practices then available.

3. Accounting Matters

- (a) All calculations relating to the Royalty payments to be made to the Royalty Holder hereunder shall be carried out on a consistent basis in accordance with Canadian GAAP to the extent that such principles are not inconsistent with the provisions of this Agreement. In the event of any inconsistency between Canadian GAAP and the provisions of this Agreement, the latter shall prevail.

- (b) The Payor will cause to be kept proper books of account, records and supporting materials covering all matters relevant to the calculation of the Royalty payments payable to the Royalty Holder hereunder. Upon not less than 10 Business Days' prior written request from the Royalty Holder, duly authorized representatives of the Royalty Holder (which may include representatives of the Royalty Holder's auditors) shall be entitled, at the Royalty Holder's cost and expense, not more frequently than once per calendar year, to inspect and audit such books of account, records and supporting materials and the opportunity to discuss issues raised by its audit with the Payor, for the purposes of confirming any information contained in a statement delivered to the Royalty Holder pursuant to Section 2(d).
- (c) Any payment made hereunder shall be considered final and in full satisfaction of all obligations of the Payor hereunder in respect of that payment unless the Royalty Holder provides written notice of its objection to the Payor within twelve months after the receipt by the Royalty Holder of a statement prepared in compliance with Section 2(d) that relates to that payment.
- (d) If a dispute arises with respect to the calculation of the Royalty, the Parties shall use their best endeavors to successfully settle the matter. To this effect, they shall consult and negotiate with each other to reach a resolution satisfactory to both Parties, failing which the Parties shall promptly retain a third party accounting firm mutually agreed between the Royalty Holder and the Payor and experienced in the calculation of royalties of the nature of the Royalty (an "Auditor") to conduct an audit solely in respect of the payment(s) in dispute. The Auditor will reach a conclusion on the dispute within 90 days of its appointment and the decision of the Auditor will be binding on the parties.
- (e) If the Parties agree or the Auditor determines that there has been a deficiency or an excess in the payment made to the Royalty Holder, such deficiency or excess will be resolved by adjusting the next Royalty payment due under this Agreement. If production has ceased, settlement will be made between the Parties by cash payment within 10 Business Days of the determination by the Auditor.
- (f) Any audit or other examination permitted under this Agreement shall be completed diligently. All expenses of any audit or other examination permitted hereunder shall be paid by the Royalty Holder, unless such audit or examination determines, or the Parties agree, that the discrepancies in the calculation of the Royalty payment that are challenged by the Royalty Holder are more than five percent (5%) of the correct value of the Royalty payment, as determined by the audit, in which case the Payor shall be responsible for the expenses of that particular audit or other review or examination.

4. Operations

- (a) The Payor may, but is not obliged to stockpile, store, treat, mill, sort, concentrate, refine or otherwise process, beneficiate or upgrade the ores, concentrates and other products at sites located on or off the Property, prior to sale, transfer or conveyance to a purchaser, user or consumer.

- (b) In the event the Payor sells or otherwise disposes of Product to an affiliate of the Payor or to any shareholder of the Payor, then those sales or dispositions will be deemed, for purposes of this Agreement, to have been sold at prices and on terms no less favourable to the Payor than those which would be extended by an unaffiliated third party in an arm's length transaction under similar circumstances.

5. General Royalty Matters

- (a) If Product is produced from the Property, such activities may occur as part of a single operation with other mining properties owned by the Payor or its affiliates or in which the Payor or its affiliates have a direct or indirect interest, in which event the Parties agree that (notwithstanding separate ownership thereof) ores, metals, minerals or mineral products mined therefrom may be mixed or commingled at the time of mining or at any time thereafter and the Royalty shall be paid hereunder only with respect to Products mined or derived from the Property; *provided, however*, that the Payor or its affiliates shall calculate from representative samples the average grade thereof and other measures as are appropriate, and shall determine the weight or volume of and sample and analyse/assay all such materials before the same are so mixed or commingled. Any such determination of grade, weight or volume, sampling and analysis shall be made in accordance with sound and generally accepted sampling and analytic procedures and practices consistently applied. The weight or volume and the analysis so derived shall be used as the basis of proportionate allocation of payments in the event of a sale of materials so mixed or commingled. In addition, comparable procedures may be used by the Payor to apportion among any commingled Product any penalties and other charges and deductions, if any, imposed by the smelter, refiner or purchaser of such Product.
- (b) The Payor shall use commercially reasonable efforts to ensure that customary and usual practices and procedures are adopted and employed for weighing, determining moisture content, sampling and assaying and determining recovery factors for the Products and other materials not from the Property, and shall record such data in order to determine the amount of economically recoverable materials extracted or derived from such minerals, metals and concentrates and materials not from the Property.
- (c) For the purpose of determining the amount of the Royalty payments required to be made to the Royalty Holder pursuant to Section 2, where applicable, all receipts and disbursements in a non-Canadian currency will be converted into Canadian currency on the basis of the noon rate of exchange quoted by the Bank of Canada on the Business Day immediately preceding the date of receipt or disbursement, as the case may be.
- (d) Neither the Payor nor any of its affiliates shall have any obligation of any nature whatsoever pursuant to this Agreement to conduct exploration, development, production or mining activities or operations on or in respect of the Property with a view to protecting, enhancing or maximizing the economic benefits available to the Royalty Holder as contemplated herein. For certainty the Royalty Holder acknowledges and agrees that all decisions regarding the methods, procedures and

techniques of any: (i) exploration, development and mining related to the Property, including spending on capital expenditures; (ii) leaching, milling, processing or extraction; (iii) materials to be introduced on or to the Property; and (iv) sales of Product and terms thereof, shall be made by the Payor, in its reasonable discretion.

6. Real Property Interest

The Royalty shall attach to any amendments, relocations and conversions of any Mining Rights, including any tenement, licence, lease, concession, mining claim or right, permit or other tenure comprising the Property or Mining Rights, or to any renewals or extensions thereof. The Royalty shall be a real property interest that runs with the Property and the Mining Rights and shall be binding upon the Payor, their successors and permitted assigns and any other successor in interest or title and other right of ownership of the Property or the Mining Rights or both. Royalty Holder shall be entitled to register this Agreement, or notice thereof, on the title to the Property and Payor shall execute such documents as may be necessary to effect such registration.

- (b) The Payor may sell, assign, transfer or otherwise convey or dispose of (including by way of security or encumbrance) all or a portion of the Property or the Mining Rights or any interest therein in any manner whatsoever, or assign, transfer or otherwise convey or dispose (including by way of security or encumbrance) of this Agreement or all or any of its rights or obligations hereunder, in whole or in part, in connection with any assignment, transfer or conveyance (including by way of security or encumbrance) of all or a portion of the Property or the Mining Rights or any interest therein in any manner whatsoever; *provided, however*, that that no such sale, assignment, transfer or conveyance shall be effective unless the transferee has first executed and delivered to the Royalty Holder an instrument pursuant to which the transferee agrees to be bound by the terms hereof and by all of the liabilities and obligations of the transferor hereunder in the same manner and to the same extent as though the transferee was an original party hereto.

8. Partial Royalty Buy-Back

9. Issuance of Additional Shares
